A hint of the gardens of Japan.

Swiss Wood

Made in Switzerland

20 years replacement parts guarantee

The philosophy of Japanese landscape gardening is reflected in this suite. The warm materiality of the wood and the workmanship reduced to the essential mould the impression. The ensemble of table, bench with or without backrest and square seating island invites to stay and is particularly suited for green spaces and gardens. For all Sol objects, BURRI uses steel feet to extend the distance from the ground and thus ensure an optimal drying process. As a result, the wood elements do not come into direct contact with the ground.

Sol bench with backrest

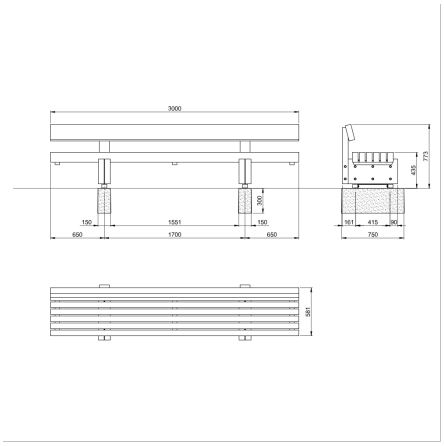
Nr. AMBAN10004024

Technical Specifications

Material frame	Wood
Material seat	Wood
wood type	natural larch
Width	3,000 mm
Depth	666 mm
Height	773 mm
Weight	153 kg
mounting	on concrete foundations for ground installation, freestanding, dowelled onto solid flooring



Sol bench without backrest

Nr. AMBAN10004013

Technical Specifications

Material frame	Wood
Material seat	Wood
wood type	natural larch
Width	3,000 mm
Depth	596 mm
Height	435 mm
Weight	123 kg
mounting	on concrete foundations for ground installation, freestanding, dowelled onto solid flooring
