

## Dog Bin bag dispenser

Robust and durable

**Holder for dog-waste disposal bags, stainless steel, easy to use with standardised, large-capacity bags, anthracite grey powder-coated to match 50-litre or 110-litre Public Bins, for attachment to post or wall.**

### Finish:

- Casing: 2 mm thick, laser-cut stainless steel, folded and welded
- Robust, self-closing latch
- Solid, hot-dip galvanized, square-section post, friction drilled with rolled threads

Industrial anti-graffiti powder-coating, anthracite grey

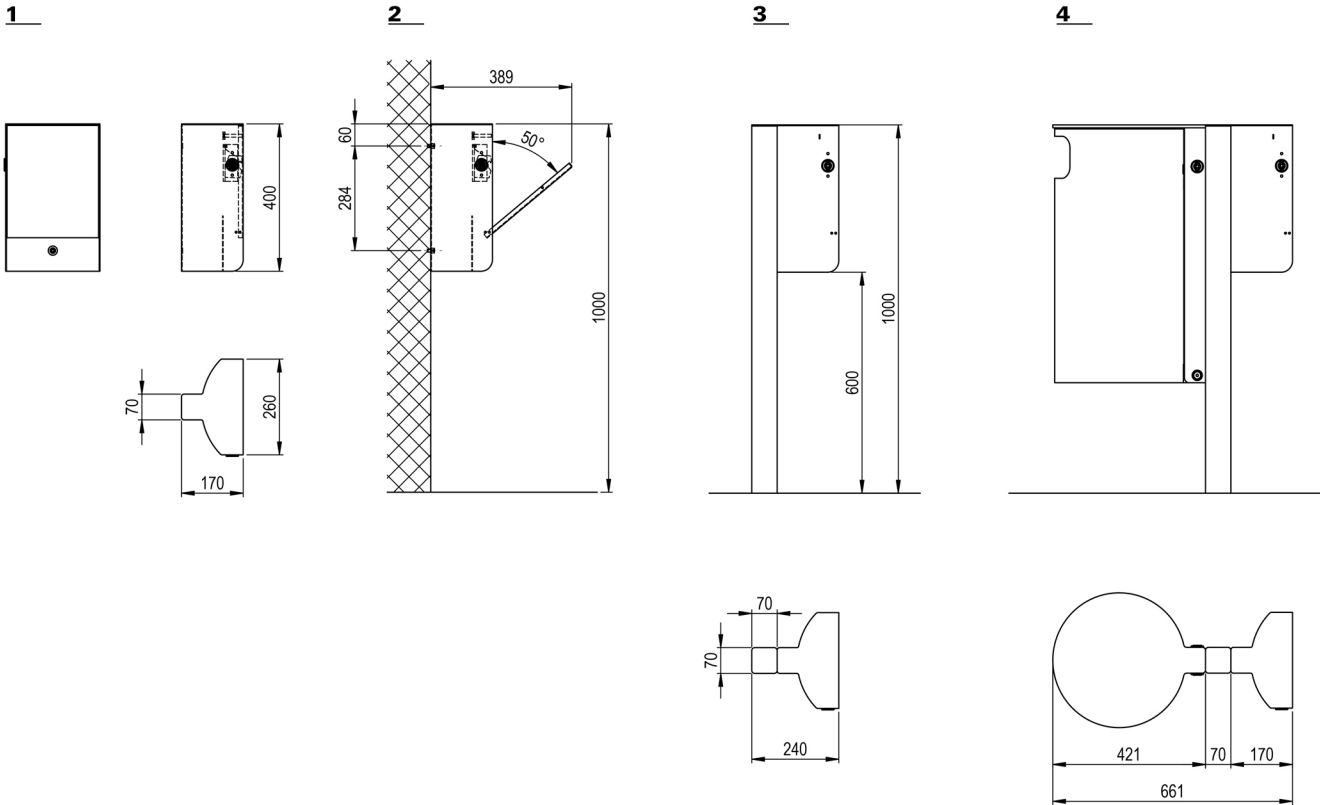

### Installation options:

- Square, free-standing post for back-filling with sand in Ø 20cm cement pipe
- Wall-mounted

### Upon request:

- Screen-printed design on dog-waste disposal bag holder or on combined Public Bin
- Post for dog-waste disposal bag holder

Technical specifications, see page 2

**1 Holder for dog-waste disposal bags:**
