

Landi Inclusion

Accessibility for people with disabilities

The public space should be able to be used and enjoyed by everyone. The Landi Inclusion range makes this a reality for people with disabilities.

In collaboration with the Zurich University of Applied Sciences, BURRI has adapted its existing products to the needs of people with limited mobility and/or visual impairments.

Landi Inclusion bench: A seat height of 48 cm and small angle of inclination for comfortable sitting down and getting up. Armrests with a rounded profile for a pleasing grip.

Landi Inclusion bench-table-bench combination: Accessible height of 70 cm. Side recesses allow room for a wheelchair and mobile chairs.

Landi Inclusion lounge: At the centre is a surface for the comfortable and convenient transfer from the wheelchair to the lounge. The positions of the front and base sides can be found using the white stick.

Version:

- Galvanized tubular steel frame
- Stainless steel bolts
- Solid wood seat slats
 - Natural larch
 - ARBODUR® (Thermo Ash finish)
 - NATWOOD® (Thermo Ash finish)
- Finishing slats fir wood painted white

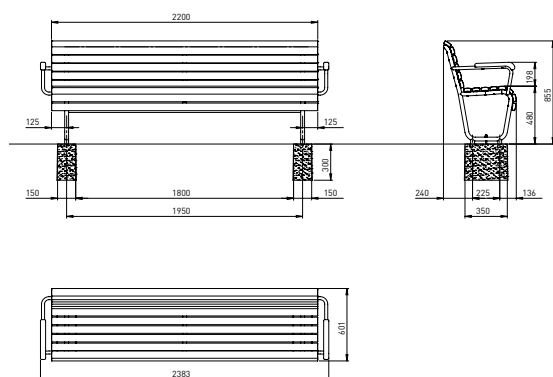

Other colours and woods on request

Installation

- freestanding
- dowelled onto solid flooring
- concrete foundations for ground installation
- with adapters for discrete installation

See overleaf for technical specifications

1 Landi Inclusion bench

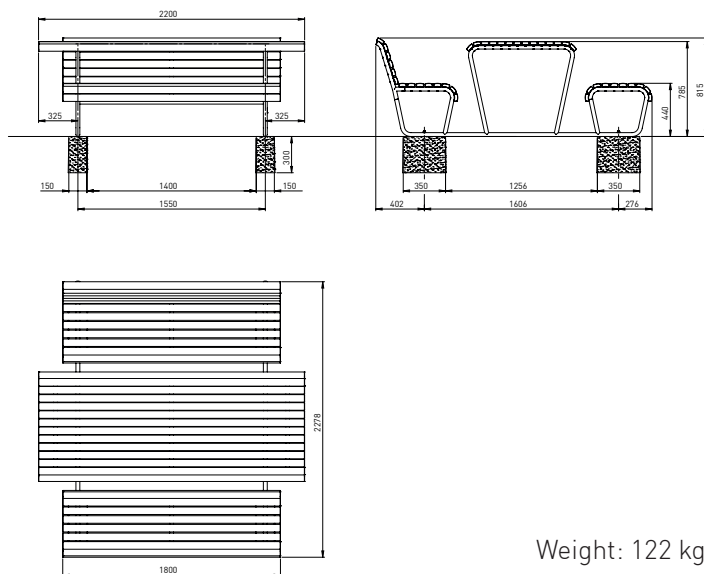

Weight: 51 kg

Item number Seating surface material

- AMBAN10002724 Natural larch
- AMBAN10002723 NATWOOD®
- AMBAN10002725 Fir red painted (RAL/NCS)

2 Landi Inclusion bench-table-bench combination

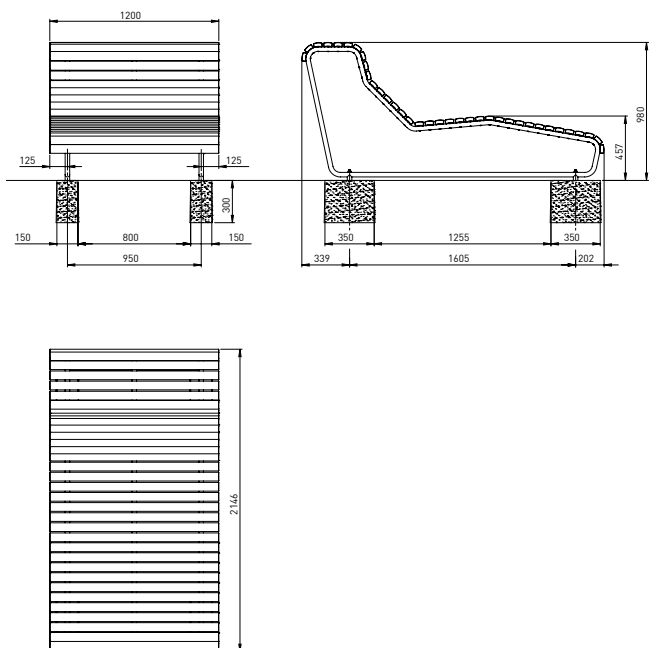

Weight: 122 kg

Item number Seating surface material

- AMBAS90002778 Natural larch
- AMBAS90002776 NATWOOD®
- AMBAS90002777 Fir red painted (RAL/NCS)
- AMBAS90002759 ARBODUR®

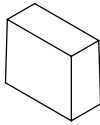

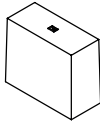

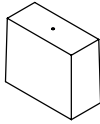

3_Landi Inclusion lounger

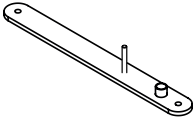

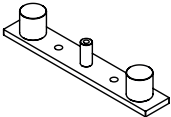

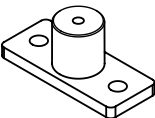

Weight: 75 kg

Item number	Seating surface material
