

## Picknick

**The bench "Picknick" combines metal and wood into a convincing ensemble.**

**Can be supplied as bench with or without backrest, and also as a square seating area.**

**A table in the same design is also available to match the Picknick benches.**

### Design:

- steel side panels, hot-dip galvanised, laser-contoured
- natural larch wood seat slats or fir, dark green, lacquered (RAL 6005)

Other lengths, types of wood or colours on request.

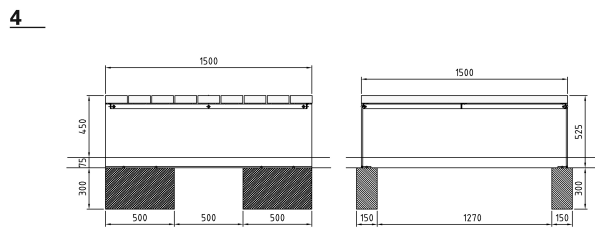

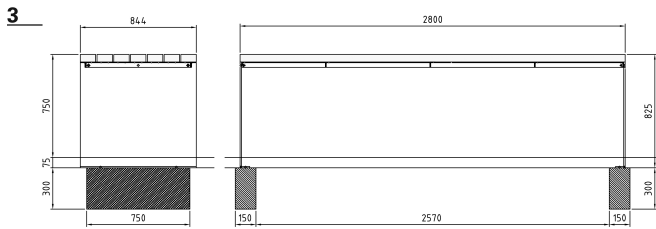

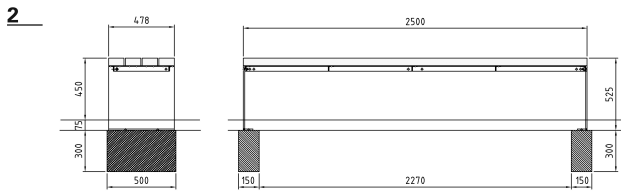

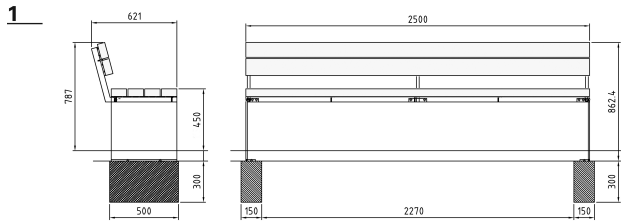

### Mounting

- on 2 concrete foundations to be embedded
- on area planking secured by bolts

### Models

- Picknick with backrest
- Picknick without backrest
- Picknick table
- Picknick square seating area
