

Public Ashtray

Elegant and practical

Elegant, robust ashtray for wall or post mounting. Made of powder-coated stainless steel. Inner stainless steel cylinder. Fast and easy to empty, self-extinguishing, large capacity.

Finish:

- Outer container, 2 mm thick, laser-cut stainless steel, rolled and welded
- Wall fixing with weatherresistant lid, 4 mm stainless steel
- Self-closing latch and stable joint axis pivot, stainless steel
- Stainless steel inner container, removable
- Solid, hot-dip galvanized, square-section post, friction drilled with internally rolled threads

Industrial anti-graffiti powder-coating, anthracite grey

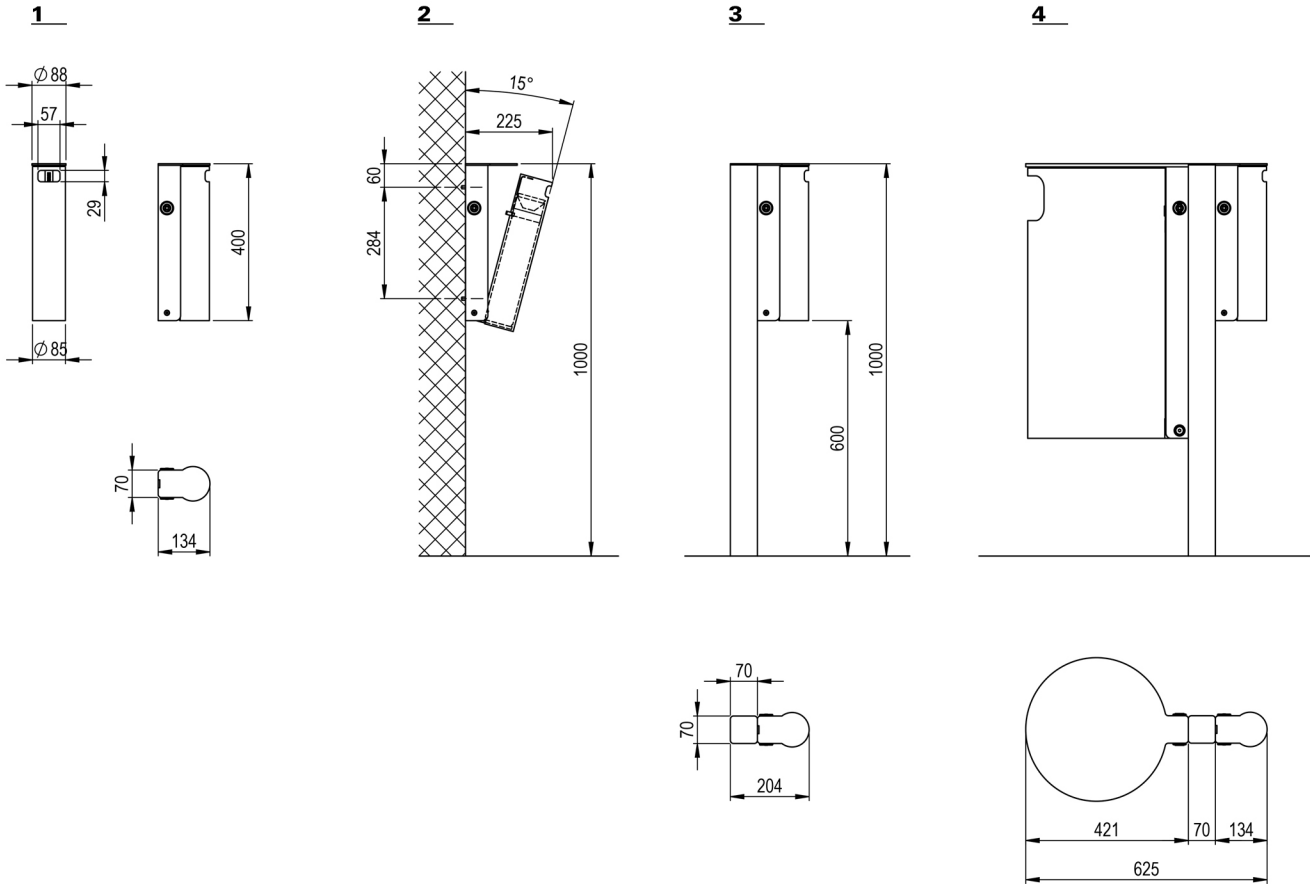

Mounting options:

- Square, free-standing post for back-filling with sand in Ø 20cm cement pipe
- Wall-mounted

Available upon request:

- Public Ashtray with screen-printed lid
- Freestanding post for Public Ashtray
